MX - Special Types

www.rexess.com

- Other widths, thicknesses or colours on request
- There is a slight yield (denier) difference between colors even within the same type of product
- Avoid using different batches (lots) of metallic yarn in one product
- Always run trial lots before starting mass production
- Technical data was generated under lab conditions and is not guaranteed by Wagner GmbH
- Our standard products have no dyeability guarantee
- Our standard yarns can be cleaned with a max. temperature of 40 °C
- Please consult us in case of piece dyeing (MX - Special Types) or complicated wet processes

„All our metallic yarns are Oeko-Tex Standard 100 certified.”
